

## JOY OF MY HEART

Joy of my heart, you know I love you,  
Joy of my life, you know I care  
Some day you'll leave and take your place among the stars  
But if you call my name just look and I'll be there

Listen Daddy, there's music in the air,  
Look over yonder, see the stars  
I reach for my dreams and I know that I can touch them  
If you hold me up higher I'll try

I'm coming home again, dear Lord, I'm coming home.  
Home where I learned how to love, I'm coming ho -o -o-ome.
