

DUCT TAPE MADRIGAL

Duct tape, duct tape oh where is my duct tape,
My old boat is leaking, my window is cracked,
My poor heart is broken, I'll fix it with duct tape
I'll fix it with duct tape until you come back.

Scotch tape and masking tape and electrical tape.
I have tried every single colour, each variety and every make,
But only duct tape can bind you to me,
Oh where is my duct tape oh where can it be.

Duct tape its better than glue,
Fixes stuff just like new,
Be prepared throughout your life
Keep a roll beneath your pillow at night.
