```
      G                    D          D7                    G
Hey Jude, don't make it bad, take a sad song and make it better
    C                          G                   D              G
Remember to let her into your heart, then you can start to make it better

     G                  D              D7                  G
Hey Jude, don't be afraid, you were made to go out and get her
     C                            G                 D             G
The minute you let her under your skin, then you begin to make it better

                G7                              C                  Am
                   And any time you feel the pain, hey Jude, refrain
                      C          D                   G         G7
                Don't carry the world upon your shoulders
                                                C                 Am
                For well you know that it's a fool who plays it cool
                                  D             G
                By making his world a little colder
                              F         D
                Nah nah nah nah nah nah nah nah nah

                                    C                  Am
                So let it out and let it in, hey Jude, begin

                And don't you know that it's just you, hey Jude, you'll do
                       C                  D                  G
                The movement you need is on your shoulder
                                   F         D
                Nah nah nah nah nah nah nah nah nah
      G                   D              D7                    G
Hey Jude, don't make it bad, take a sad song and make it better
     C                            G                 D
Remember to let her under your skin, then you'll begin to make it
