In G capo 3

94. I'LL NEVER FIND ANOTHER YOU

```
              G              C                    Am                    D7
There's a new world somewhere, they call the promised land
           G   G/F    Em          Am                   D7
And I'll be there someday if you could hold my hand
         G                    Cm           Bm     Am    G
I still need you there beside me, no matter what I do
        Em               Am      D7     G   C  G
For I know I'll never find another you

            G          C               Am                   D7
There is always someone, for each of us, they say
             G  G/F  Em           Am            D7
And you'll be my someone forever and a day
           G                          Cm      Bm     Am     G
I could search the whole world over until my life is through
         Em               Am      D7    G   C  G
But I know I'll never find another you

        G             C             D7             G
It's a long, long journey, so stay by my side
           Em                  Am                   D                 D7
When I walk through the storm, you'll be my guide, be my guide

           G             C              Am                   D7
If they gave me a fortune my pleasure would be small
           G       G/F    Em           Am                D7
I could lose it all tomorrow and never mind at all
        G                    Cm           Bm            Am       G
But if I should lose your love, dear, I don't know what I'd do
         Em               Am      D7    G   C  G
For I know I'll never find another you          (Repeat this verse)

  D7      G        D7     G
Another you, another you
